

Brainstorming & Idea Prioritization Template

Date	29 September 2026
Team ID	SWTID-2026-4095
Project Name	Student Enrollment & Course Management System (SECMS)
Maximum Marks	3 Marks

Step 1: Brainstorm and Idea Listing

The team listed possible ways of handling academic enrollment without judging them at this stage. The ideas were then grouped into manual, semi-automated and fully automated cloud solutions.

S.No	Idea / Suggestion	Category	Group No.
1	Spreadsheet automation	Manual / semi-automated	1
2	Standalone enrollment portal	Semi-automated	2
3	ERP integration	Semi-automated	3
4	Salesforce-based enrollment system (SECMS)	Fully automated cloud solution	4

Step 2: Idea Prioritization

Each grouped idea was rated on feasibility and importance. The Salesforce-based SECMS approach was selected because it provides a cloud platform for centralized data, automation, reporting and access control.

Group No.	Final Idea	Feasibility (High/Medium/Low)	Importance (High/Medium/Low)	Priority	Selected (Yes/No)
1	Spreadsheet automation	Medium	Low	4	No
2	Standalone enrollment portal	Medium	Medium	3	No
3	ERP integration	Low	Medium	2	No
4	Salesforce-based SECMS: centralized data, flows, approvals, reports, dashboards and security	High	High	1	Yes

Selected idea: A Salesforce Lightning application using custom objects (Student, Course, Instructor, Enrollment), validation rules, flows, an approval process, reports, a dashboard and role-based security.
