

Empathy Map

Date	29 September 2026
Team ID	SWTID-2026-4095
Project Name	Student Enrollment & Course Management System (SECMS)
Maximum Marks	4 Marks

Empathy Map

The empathy map below describes the primary user of the system, the Enrollment Officer, and what they say, think, do and feel in relation to the problem the project addresses.

SAYS		THINKS
- Rechecks information before confirming an enrollment - Follows up manually with students and management	Enrollment Officer Role / User type: staff member who manages student enrollments	- Concerned about duplicate bookings - Worried about errors and revenue loss
DOES		FEELS
- Works across multiple spreadsheets and emails - Rechecks and follows up manually		- Pressure from complaints and follow-up requests - Pain from duplicate entries and approval bottlenecks

Additional observations

Area	Project Understanding
Think & Feel	Concerned about duplicate bookings, errors and revenue loss.
Hear	Complaints and follow-up requests from students and management.
See	Multiple spreadsheets, emails and disconnected information.
Say & Do	Rechecks information and follows up manually.
Pain	Duplicate entries and approval bottlenecks.
Gain	Automation, dashboards, faster processing and centralized information.
