Customer Journey Map

The journey of a student enrollment through SECMS covers seven stages, from awareness and registration to reporting and completion.

Phase of Journey	Awareness & Registration	Course Selection	Enrollment Request	Fee Payment	Approval	Instructor Assignment	Reporting & Completion
Actions - what does the customer do?	Student details are entered and saved as a Student record	Browse available courses (category, duration, fee)	Create a New Enrollment or Re-Enrollment record	Fee is paid; Fees Paid is marked on the enrollment	Enrollment is submitted for approval	Instructor is linked to the enrollment	Status is reviewed through reports and dashboard
Touchpoint - what part of the service do they interact with?	Student tab and record; email validation rule	Course tab and records	Enrollment tab; record types and page layouts	Enrollment fields Fees Paid and Total Amount	Approval process (Approval_Enrollment_Request)	AutoAssign_Instructor flow; Instructor lookup	Reports and Student Management Dashboard
Customer thought	Is my information stored correctly?	Which course suits me?	Has my request been recorded?	Is my payment reflected?	When will my request be decided?	Who will teach my course?	What is the overall enrollment status?
Customer feeling	Hopeful but cautious	Interested	Wants certainty	Wants confirmation	Waiting; reassured by automated updates	Reassured	Confident with clear visibility
Process ownership - who is in the lead?	Enrollment Officer	Enrollment Officer	Enrollment Officer + Flow	Enrollment Officer	Training Manager / approver	Flow (automatic)	Administrator
Opportunities - how can we improve this stage?	Validate data at entry to avoid errors	Keep course information centralized	Set enrollment date automatically; create follow-up task	Block approval when fees are unpaid	Route requests and record final approval or rejection	Assign instructor by course category	Pending approvals and revenue visible in one dashboard
