

Data Flow Diagram

Date	29 September 2026
Team ID	SWTID-2026-4095
Project Name	Student Enrollment & Course Management System (SECMS)
Maximum Marks	2 Marks

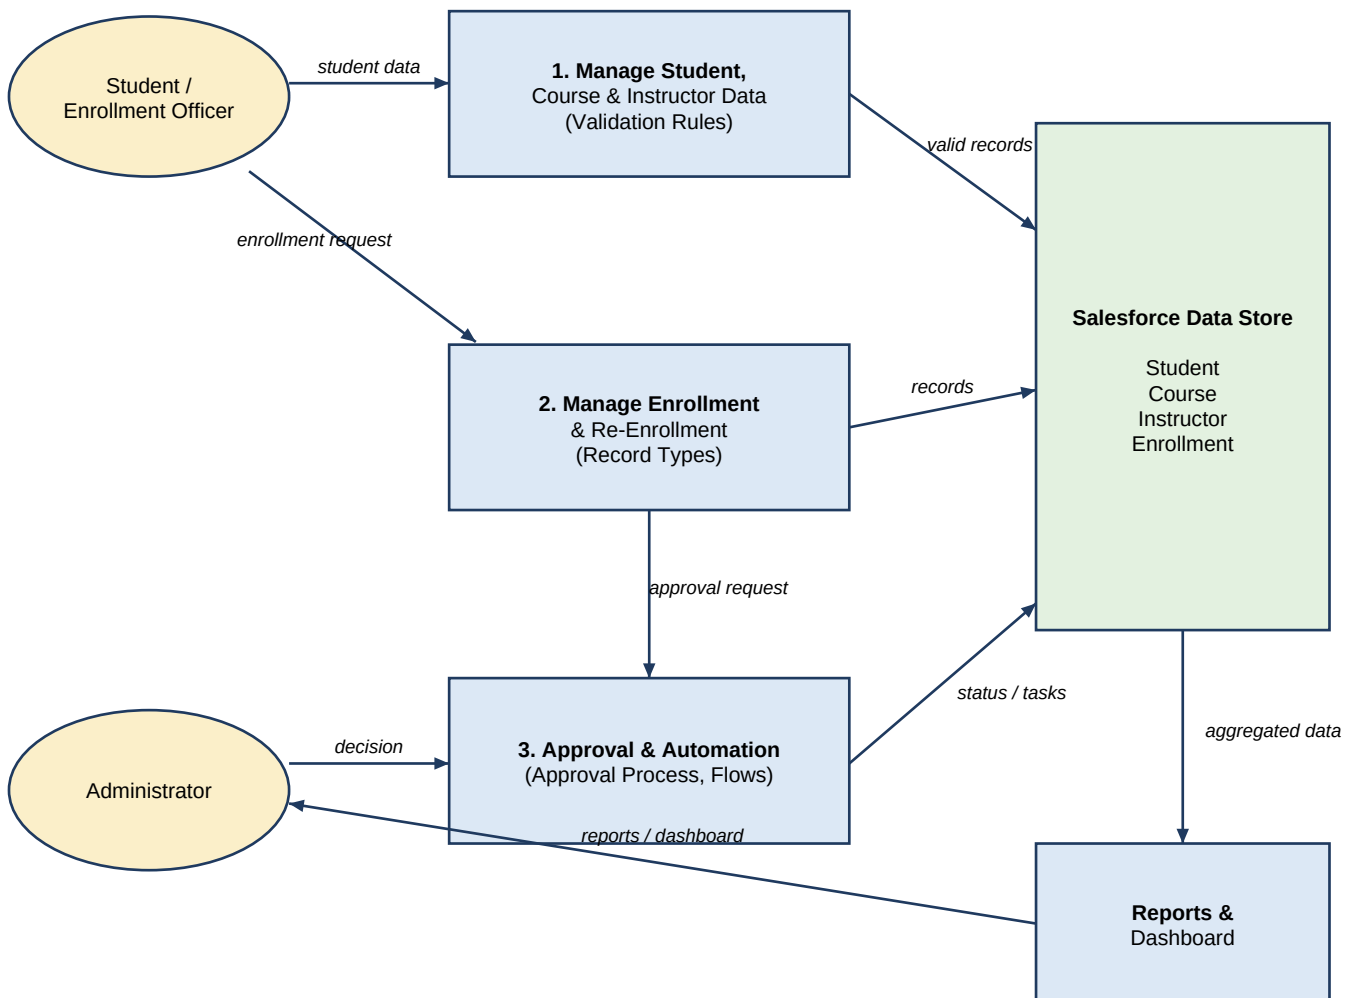

Data Flow Diagram

The data flow diagram shows how data moves between the external users, the three main processes of SECMS, the Salesforce data store and the reporting layer.

DFD Symbol Legend

Symbol	Name	Used in SECMS for
Oval	External Entity	Student / Enrollment Officer and Administrator
Rectangle (blue)	Process	Manage data, manage enrollment, approval and automation, reports and dashboard
Rectangle (green)	Data Store	Salesforce custom objects: Student, Course, Instructor, Enrollment
Labeled arrow	Data Flow	Movement of data between entities, processes and the data store

SECMS Level-1 Data Flow Diagram

Data flow description: The system accepts student and enrollment information from users, validates it, stores it in Salesforce objects, routes enrollment requests through the approval process, assigns instructors using flows, and makes the processed data available through reports and dashboards.
